

How to register:

If you are interested in STMA Online School talk to your counselor.

1. Your counselor will then submit a registration form that gets sent to us.
2. The two of you can fill out the registration form together.
3. Shortly after, you will be contacted by us and will be walked through how to start your class.
4. If you have any questions while taking this course we have licensed teachers here to help you along the way.

What sets us apart from other online schools?

STMA teachers facilitating the courses.

All classes aligned to state and STMA standards.

Seamless communication between online staff and STMA Counselors

We offer a staffed computer lab in our Community Education Building in case you need assistance.

Putting STMA Students First

Curriculum

We use an online curriculum call PLATO Courseware. Why PLATO: It provide students with different learning styles the flexible, virtual options needed to engage them and enable them to stay on the path to graduation.
